Bringing colors to life

Now you can experience your favorite stories in color. From unique covers to illustrated children's books, and from appetizing recipe ideas to breathtaking vacation destinations, the tolino vision color brings your favorite content to life for the first time in a completely new way – with the new color screen and a pallet of up to 4,096 colors. Is your favorite work text-only? Not to worry! The new screen still delivers high-contrast, high-resolution black and white content.

Make notes, scribble down your ideas and or highlight important text passages

The tolino vision color is our first eReader that doubles as a notebook. Use the tolino stylus (sold separately) to create handwritten notes directly in eBooks and PDFs⁴. If you want, the integrated notebook function can even record your thoughts and convert them into typed text. The possibilities are endless!

Turn it up: now with Bluetooth audiobook playback

Don't just read your favorite stories. Listen to them too: Enjoy audiobooks via Bluetooth using headphones or speakers. The tolino vision color offers a flexible and convenient listening experience, perfect for those everyday situations where you don't have your hands free.

Ergonomic, handy and practical

Discover a new level of reading enjoyment with the tolino vision color! The ergonomic design enables comfortable, one-handed reading. Use the page buttons or the touch-screen to turn pages. The tolino vision color offers an optimum user experience for the left- and right-handed.

smartLight: read the right way for your day

smartLight was developed for everyone who likes to read before going to bed. With its clever color temperature adjustment, the tolino vision color always provides the most pleasant lighting for reading. The tolino vision color

changes from cool white light in the morning to warm white light in the evening, in harmony with natural daylight. That way, your reading won't interfere with your natural rhythm, whatever the time of day. If you are reading in bright daylight, you can also turn the lighting off completely and extend your eReader's battery life even further. Thanks to the glare-free screen, you can read like were reading a printed page without any annoying reflections from the sun.

Weeks of reading pleasure – perfect for your vacation

The stamina to wow even heavy readers: The tolino vision color consumes barely any power during reading, guaranteeing weeks³ of reading pleasure. Its longevity is practical in everyday life and makes the tolino vision color an ideal travel companion. With its 32 GB internal memory, it has space for your entire library. Store up to 24,000 eBooks, 150 audiobooks or any combination of the two on your device.¹

Cozy up with a book, even in the water

The waterproof² tolino vision color eBook reader is ready for any eventuality, including a long soak in the tub or at the poolside with your new favorite page-turner.

Limitless freedom – buy eBooks wherever you want

tolino is all about free choice, leaving the decision where you want to buy your eBooks and audiobooks entirely up to you. That way you can enjoy the full range of eBooks from all available tolino bookstores. Simply load existing EPUB, PDF, MOBI eBooks, TXT files, comics in CBR or CBZ format, and images in JPEG or PNG format onto your eReader. With tolino cloud synchronization, you never lose track of your reading and listening progress, regardless of which device you are using.

¹ 1 GB = 1 billion bytes. Based on an estimated size of approx. 13 MB per eBook and an average audiobook length of 6.5 hours at 28.8 MB per hour. Part of the memory is reserved for software.

² Protection against fresh water (depth of up to 2 meters/60 min.)

³ Depending on use.

⁴ PDFs with Digital Rights Management or restricted permissions that are manually loaded onto the device are not compatible with mark-ups or annotations.
