Capture your imagination and thoughts

The tolino stylus is the perfect addition to your tolino vision color. Create handwritten notes in eBooks or review PDF documents[1].

Notes made easy: all the important details perfectly organized

Create digital notebooks for everything you want to commit to memory, such as ideas, diary entries, to-do lists, drawings and much more. All your notes are perfectly organized and easily accessible in one place. You can also easily convert your handwritten text into digital text.

Emphasize important points

Highlight and mark special text passages with the intuitive highlight button on your tolino stylus. That way, important information is visible at a glance and never gets lost again.

Drawing and scribbling: unlock your creativity

The tolino stylus allows you to transform your creative ideas into drawings on the tolino vision color or simply visualize ideas.

Eraser function on the back

The built-in eraser on the back makes it quick and easy to remove notes or markings that are no longer needed.

Magnetic grip

Attaches magnetically to the side of the tolino vision color.

The tolino stylus is only compatible with the tolino vision color model and is sold separately in bookstores.

[1]PDFs with Digital Rights Management or restricted permissions that are manually loaded onto the device are not compatible with mark-ups or annotations.
